

Business Strategy & Consulting

API CoE provides strategy and thought leadership across the digital transformation initiatives being taken place across the engagements. CoE is responsible to vet best practices across the vertical accounts in API engagements and directs to implement them as well.

API CoE delivery head closely works with regional delivery unit heads to oversee governance for all the digital transformation projects where API & Micro Services are leveraged.

HCL API CoE has vet generic approach for API Blue Printing as part of the API Strategy Exercise which is successfully implemented in many accounts cross APAC & Northern Europe.
